VOL. VII.

RENO, WASHOE COUNTY, NEVADA, WEDNESDAY, APRIL 2, 1879.

NO. 2.

Dr. Mintie's Nephreticum.
Dr. Mintie's Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.
See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicine; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 5 and 6 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public. All Druggists keep these medicines. For all derangements of the Liver. Use Dr. Mintie's English Dandelion Pills. For Biliousness and Dyspepsia. Use Dr. Mintie's English Dandelion Pills. For Fever and Ague. Use Dr. Mintie's English Dandelion Pills. Every family should keep the English Dandelion Pills on hand.
Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended."

Having recently withdrawn from partnership, I will open a store April 7th, on the east side of Virginia street, in the building formerly known as F. C. Chases, with a complete stock of millinery and fancy goods, consisting of all the latest styles, both from New York and San Francisco, thereby enabling me to sell cheaper than ever before. It is impossible for ladies purchasing goods from any store to get anything out of style, as my stock is all new to commence with. The goods need only to be seen, they will tell for themselves. Orders for goods sent by mail or express will receive prompt attention.
Miss LEXIE BROWN.

Money no Object.
Before calling on these one-horse shops, come and see me in regard to prices. If you want a few hundred feet of water pipe laid in the ground I don't charge anything for it, or if you desire five or six joints of 4, 6, or 10-inch pipe it costs nothing. All my men are men in good easy circumstances, therefore charge me nothing for labor, and, in a word, I work for nothing, board myself, and find material. Money is nothing, custom is what I want.
J. M. TUCKERSON.

BORN.

TOMAS MICHAEL—In Reno, March 21st, 1914, to the wife of G. Tommasi—A DAUGHTER.

SERTEBOUGH—At Crystal Peak, March 24th, 1914, to the wife of S. S. Sertebough—A SON.

DIED.

VAN MEETER—On the Truckee Meadows, April 2d, 1914, William, son of Mr. and Mrs. W. P. Van Meeter, aged three years.

Personal.

H. H. Blake, special agent for the Hall safe company, is in town.

T. S. Harris, one of the proprietors of the Bodie Standard, passed through last night on his way to San Francisco.

Mrs. C. F. Updike returned to Reno this morning, after a ten months' absence visiting the old folks in Kansas.

Mrs. Dr. Chamberlin, an experienced physician, has come to Reno to locate permanently. At present she can be found at the residence of Mr. Wright on Sierra street, opposite Lee's stable.

M. Nathan returned this morning from San Francisco, where he has been to purchase his stock of clothing for his new store. His store is completed, and a large portion of his good already here. He will open tomorrow or next day.

Ready for Business.

Osburn & Shoemaker have got their counters and shelving up in their store. They have got a new and extensive stock of drugs, oils, paints and perfumery new on hand and more coming. They will begin to put up descriptions to-morrow. The counters and shelves are elegant and convenient, and the show cases of I. Fredrick, which are in the same building, are decidedly handsome and showy. When finished, this store will be one of the neatest and best arranged establishments in the city.

An Additional Loss.

In the various amounts of losses by fire, no mention was made of the Catholic church, which, together with the pastor's residence, was utterly destroyed, with a loss of at least \$1400, besides the damage done to the new hall. The GAZETTE is requested by the Catholic Priest to state that the said loss is totally distinct from that of the Sisters' property noticed in the public papers.

Stored at Truckee.

J. L. Lewison, who will shortly open a first-class drygoods store in Marshall's building, adjoining the White House, has already got a large quantity of his goods stored away at Truckee. He will forward them to Reno as soon as he can get a place to put them. The probabilities are that the drygoods business will be lively here this summer.

Damaged by the Rain.

Several buildings in course of construction were damaged yesterday by the rain. As most of the work on the buildings was being done by I. T. Benham the loss will fall on him.

TRAMPS.

A Walking Nuisance That Nothing but the Tar-Bucket Will Abate.

Reno seems to be a sort of rendezvous for these peripatetic pests. They come in from all quarters, in squads ranging from two to a dozen. What brings them here, or how they live after they get here, are things that no fellow can find out. They all have the same personal characteristics in common, the dirty stripes on the face, the slouchy gait and down at the heels appearance make them all alike, however much they may differ in voice, features and story. They all use the same slang catch-word, and one can tell them to be tramps by listening to their conversation without ever seeing them. It is a melancholy fact that most of them are young men, who appear to have no aim beyond tramping around the country, stealing free rides on the railroads and getting square meals by any sort of ingeniously contrived tales of distress. Since the first they have been apparent in greater numbers than before. They sleep in barns, sheds, out-houses, or any place that affords shelter, and beg or steal enough to keep body and soul together. Their presence accounts for all the petty stealings occurring of late. The dirty fingers of these American Bedouins, are ready to cleave ever any piece of personal property in their reach. Many are the complaints made of their small depredations—a crimes of great magnitude seems abnormal among them—and wonder why the officers don't put a stop to them. This is very hard to do. Legislatures and municipal corporations in the east have tried various remedies for the tramp nuisance and have mostly failed. The best protection against them appears to be had by treating them as criminals. Something should be done to rid the town of them, for their presence is a perpetual threat of arson, burglary and larceny.

Wanted—A Photographer.

A photograph gallery is badly needed in Reno just now. Any photographer who would come here and open would be well paid by the profits of the enterprise. Every day there is someone desiring pictures taken, and the business certainly ought to pay as well here as elsewhere. There is plenty of business here to support a permanent photographing establishment, and any good artist who will come now and grow up with the town will not regret his venture. A town of 3500 inhabitants with plenty of country to back it, without any photograph gallery is a curious thing. Lowell did a good business while he was here, and was doing well at the time he went away, though the weather was not very favorable for photographing. Any live artist can make money by acting as this suggestion, for which the GAZETTE makes no charge.

A Four Year Old's Letter.

The following little letter came in Sunday morning's mail to a Reno papa:

MARCH 28th.

Dear Papa:—I want to come home to see you, because I do want to see you very bad, and how is Blondie and is my trunk fixed nice, and is my fan broken yet, and is my little powder-box and little puff-bell in the trunk, is my fan in the trunk. Fanny had six little pups. Fanny was sick the other day. I am playing with Uncle Jessie's dominos. Fanny was sick and I was sick in the cars when I came over here. I haven't anything to feed Fanny. I drank some of my tea and the pups drank the rest. I want to come home and see Blondie, and see if my buggy is mended. Good bye.

A Live Contractor.

I. T. Renham has more business on his hands than any two men in town. He is taking contracts by the score, and has a swarm of mechanics and laborers working for him. He has contracts for building and repairing nearly all the brick buildings in town. Saturday he made a flying trip to Sacramento for the purpose of procuring iron, plaster, lime, etc., etc., which he could not get here, to carry on his contracts. This morning he is en hand, rushing things as usual. The material he purchased below will soon be along. This is the kind of work that sets a town on its legs after a great disaster.

Measles.

"It never rains but it pours." The children in this locality are getting a rough deal. First the whooping cough, then the scarlet fever, and now the measles. Dr. Snow told a GAZETTE reporter that he was called in to prescribe for a case of it to-day. The patient had broken out, so that there was no mistaking the nature of the disease.

In Town.

Judge A. M. Walker of Truckee is in town to-day, looking at things here with a view of locating permanently. The "water" of that mountain town does not agree with him, and he has concluded to remove to a climate where there is less of it to a point of where there is a good deal of it, and will stay here for a while.

Man Had His Thumb.

George Davis, a brakeman, got his thumb mashed this morning in coupling cars. It was badly crushed, but not so badly as to render amputation necessary. Dr. Dawson was called in and dressed the hurt.

No Trust.

There was a report on the streets last night to the effect that a levee had broken at Sacramento and part of the city inundated. The report is without foundation in fact.

THE STATE PRISON.

What Sheriff Walker saw while on a visit to that institution.

Sheriff Walker visited the state prison last week, and saw several members of the Washoe delegation in that institution. Thomas Kelly, sent for life from this county for murder in the second degree, was devoting his energies to the stone quarry. A few days previous he had had a fight with a Chinese convict in which he came off second best. In consequence of which he was tied up a couple of times. Chas. Lewis, sent from here for robbing Crews & Illidge's till, appeared to be in cheerful spirits. He is employed as clerk in the shoe department. His term expires in four months, when, he says, he intends to leave the country forever. John Mulverhill, another Renoite sent up for one year for assault with intent to do great bodily harm, was as lively as a cricket. He is putting in his spare time in the stone quarry.

Mr. Walker also saw Flynn, who was sentenced for life for murdering Bill, Bethesda in the state prison. He looks vicious, sullen and every inch a murderer. He is kept heavily irated. Edward Malim, the defaulting clerk of L. P. Drexler & Co., is in turnkey. He looked as natty as the prison regulations will permit. He had on a black stiff brimmed hat and a well fitting coat, and wore his moustache well oiled, but the inevitable striped pants gave him away.

Nearly Abated.

The scarlet fever scare is about over. People have about gotten over their fright, and allow their children to go out at will again. There are no cases of it in town that are known of with the exception of two or three convalescents, and it exists in only two families in the neighborhood—Johnson's and Van Meter's on the meadows. No deaths have occurred from it for several days except the little son of Mr. Van Meter, who died this morning. The disease has doubtless spent its force, and the fears that it would become epidemic happily proved groundless.

The New Depot.

The new Central Pacific R. R. depot has neared completion, so that the clerks and officers of the road at this point have been installed in it. It will be several days yet, though, before the desks are all put in and the offices permanently arranged. The new depot is a handsome building, very convenient for the purposes for which it was built. It is 200 feet long by 26 feet in width. It will only be used for a freight depot, and will contain no offices but the shipping ones. The ticket, baggage and telegraph offices will be in the Depot hotel building.

At It Again.

Winchel & Cunningham have opened a temporary store on Virginia street, opposite John Sunderland's, where they will remain until their new store is completed. They have received from below a full stock of fresh groceries, fruits and vegetables, nuts and candies, etc., and will serve their customers at their usual low figure. During the short time that these gentlemen have been in business in Reno by energy and prompt attention to the wants of the customers they have made scores of friends who will be glad to notice that they have phoenixed so soon after their heavy losses.

To Be Tested.

Some time ago the GAZETTE spoke of the discovery of a quarry of new fire-proof building stone near here. John Sunderland will send some samples of the stone to San Francisco to-night for the purpose of having it tested. If it proves to be fire-proof, he will immediately erect a building with this material on the lot adjoining his store. It is to be hoped that the tests prove satisfactory, as a favorable result would give Reno a cheap and desirable fire-proof building material.

That Pig.

The pig stolen from the Clark household, mentioned in the GAZETTE a few days ago has been heard from. At first Mr. C. was in some doubt whether the animal had been stolen or taken by mistake. But all doubts are removed now, and that gentleman is forced to the conclusion that the act was nothing more or less than an act of pure cunningness.

April Fools.

The April fools were not numerous yesterday, though one fellow struggled with a cocktail in a false bottomed glass for about two minutes. Another kindly volunteered to pull a splinter out of a friend's thumb. When he got about five inches of it out his eyes opened with amazement, but when eighteen or twenty inches came in sight he threw up his job and agreed to treat.

Good Ore.

J. W. Loomis brought in some splendid black sulphuret ore from Peavine district yesterday. It came from the Crystal mine, the south extension of the Manalona. An assay of it returned \$1000 in silver. Two men are at work on the Crystal ledge, which promises to develop into a fine property.

Cattle Shipment.

Twenty car-loads of beef cattle were shipped from the railroad stocks this morning. Fifteen car-loads, containing 260 head, were consigned to Grayson, Harrell & Co., San Francisco. The other five, containing 71 head, were consigned to Hayes, Carrick & Co., Oakland.

JOTTINGS.

—The streets are drying up rapidly.

—The mud sticks like a pear man's plaster.

—The gardens already show the beneficial effects of the rain.

—A woman is wanted to do general housework. Apply at this office.

—The rain put a stopper on the aboriginal poker games for awhile.

—There is a general complaint among builders of scarcity of lumber.

—The regular meeting of the county commissioners will be held next Monday.

—Large quantities are being shipped from this point to Lassen and Plumas counties.

—The Wine House still keeps up its reputation for fine cigars and liquors.

—Fruit trees are beginning to bloom and the busy bee has commenced his rounds.

—Joe Kelly, stabbed at the Lake house, has about recovered from his wound.

—The roof of the Farmers' store has been finished, and the iron doors are being put in.

—Sutro is talking, says the Carson Tribune, of putting 2000 men to work in his tunnel.

—The nurserymen around Reno are busy just now shipping trees and plants to points abroad.

—The "tiger" has moved his lair from Morris Ash's saloon to the shades of the Arena.

—The best sugar-pine doors can be had of Carroll Kilburn, corner of Sierra street and Commercial row.

—All the railroad offices except the telegraph and ticket offices were moved into the new depot to-day.

—The Nevada Bank has sued Joseph L. Aude for \$128,174, 62, the amount he was accused of embezzling.

—Mr. Gray, of the firm of Gray & Isaacs, to-day received a large flower stand from the California wire works.

—Building operations which were suspended yesterday on account of the rain were vigorously resumed to-day.

—Henry Ruhs and J. Whistler have a fine lot of beef cattle on pasture at the Savage ranch on the Truckee meadows.

—Virginia street begins to present a business look again. In a week it will present a much better appearance.

—The large pool at the corner of Virginia street and Commercial Row, is a great nuisance to Foot & Walker's line.

—Engine No. 16 has got a new bell, whose clanging is a great improvement on the cracked voice of its worn predecessor.

—The roof and belfry of the Catholic seminary is a fine specimen of decorative art. Looks like it had a "ring worm."

—The officers are pretty sure that the Chinaman arrested the other night is the right man. He is still held in durance vile.

—Geo. Driggs, superintendent of the C. P. yard at Sacramento, is in town to-day. He has been on visit East, and is on his way home.

—C. J. Brookins will open out at the old stand on Virginia street sometime this week with a fine stock of cigars, tobacco, candies, notions, etc.

—When all the buildings now in course of construction are finished, a solid front of fire proof brick will be presented from the Masonic building to Barnett's corner.

—Work is progressing on I. B. Marshall's building, and, notwithstanding the back-set caused by the rain yesterday, it will be finished in a few days more.

The Incorporation Petition.

The incorporation scheme gets on very slowly. Many property owners refuse to sign the petition, for no good reason that they can give, but simply because they won't. A great many others are lukewarm about the matter, which makes it drag slowly. One hundred signatures have not yet been secured, and it appears now as if the requisite number would not be secured in time to present the petition to the board of county commissioners, which meets next Monday.

Blew Down.

The sign in front of L. Abraham's store blew down last night. As lumber is rather scarce around the premises of Mr. A., that enterprising gentleman took the sign and made a shelf of it. And now, although there is nothing to indicate where the White House can be found, the shelving capacity of that already crowded establishment has been increased just 2x12 feet.

A Fine Establishment.

The new store of Gray & Isaacs, on Commercial Row is being fitted up in the handsomest style. Fine new counters are being put in, which are a joy to look at. The shelving will be up in a few days. In a week the proprietors expect to throw open one of the most complete and best stocked dry goods stores in the state. Their stock is all new, and will include all the latest and best patterns.

Military Store.

Miss Lizzie Brown has leased the building on the east side of Virginia street adjoining Coleman & Peckner's barber shop, and has opened a military store. She has all the latest styles of spring hats, bonnets, ladies' fancy goods, etc. Call and see her.

Runaway.

A horse belonging to Henry Henderson (Nigger Henry), ran away with a job wagon on Commercial Row. It was a very tame affair, and didn't pan out much excitement. Neither horse, wagon or driver were injured.

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, no claim no sympathy on that score. I believe it's the duty of the good people to give preference to old residents, provided all things are equal, but if Brown asks fifty cents for what Smith is willing to sell for twenty-five, on the grounds that he is looser by the fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress by all means go to Enrich. If you want a suit of fine clothes go to friend Nathan's or Abrams', but if you want a "goose yoke," a rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods just as square as though sold over a marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.

P. S.—Money will be refunded on all goods that do not prove as represented.

YANKEE DODGE & CO.

Have Phoenixed.

Osburn & Shoemaker, at their old stand, have for sale white lead, linseed oil, turpentine, coal oil, varnishes and window glass; also, alfalfa and timothy seed. Early in the coming week will have a full supply of drugs and medicines, and the finest stock of garden and flower seeds ever brought to Reno. Agents for Dr. Mintie's Nephreticum and Sir Astley Cooper's Vital Restorative.

Sol Levy, who intends to open a

Grand Dry Goods Store here, left Wednesday evening for New York City, where he will purchase the latest novelties of the season to fill up the immense stock which is already on the way for this city, and will be opened about the 1st of April. Don't keep this a secret, but tell it to your neighbors.

Garden Seeds.

Osburn & Shoemaker have just received from the celebrated gardens of D. M. Ferry & Co., Michigan, the largest and best selected stock of Garden, Field and Flower seeds, ever brought to Reno, which they offer at low down prices. Also a large lot of these popular ladies floral sets. Catalogues free.
